Step 5: If you see the following Error: means your account is not activated to book the tables. Only admin has permission to activate your account, so contact to the Administration Team to activate your account.

Step 6: After Activation of Your are ready to Login, Please Enter your email Id and password to Login.

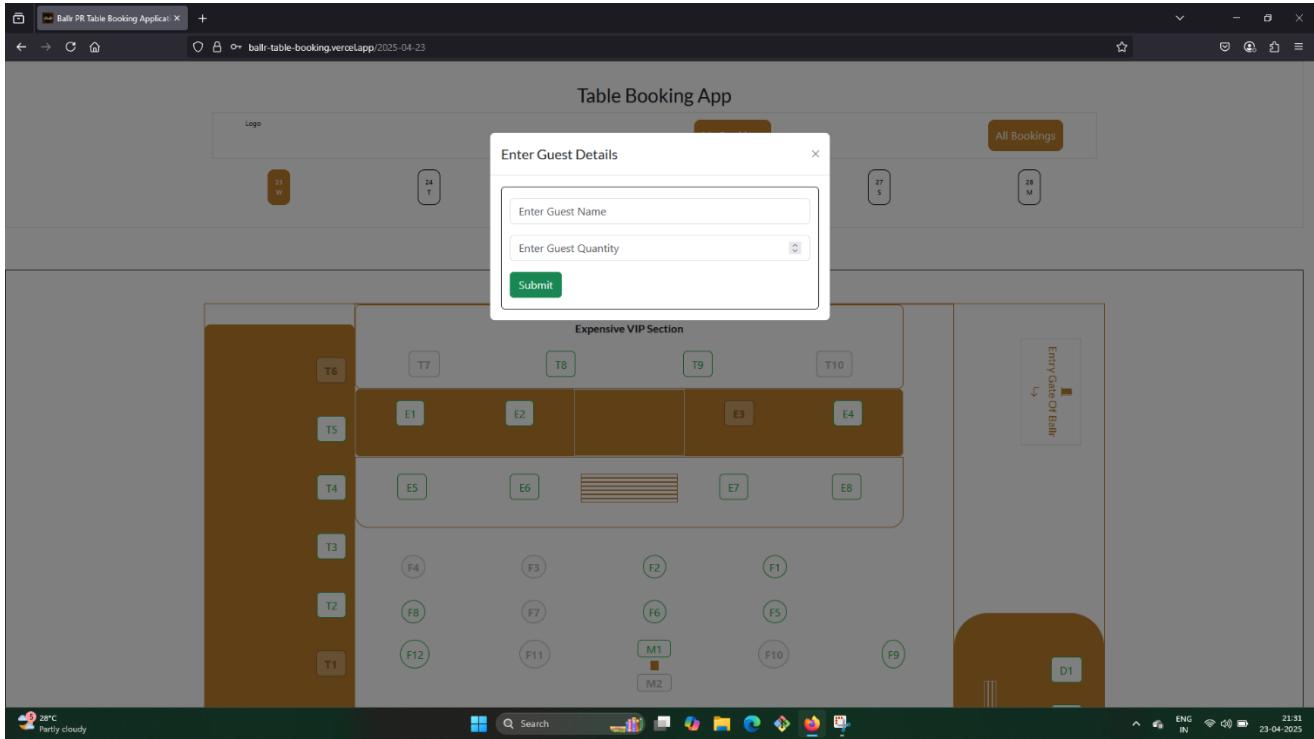

Step 7: After Successfully Login PR can see the Dashboard. Dashboard contains tables data, PR can use the combination of Date and Table to book the table.

PR need to select the date from horizontal scroll bar:

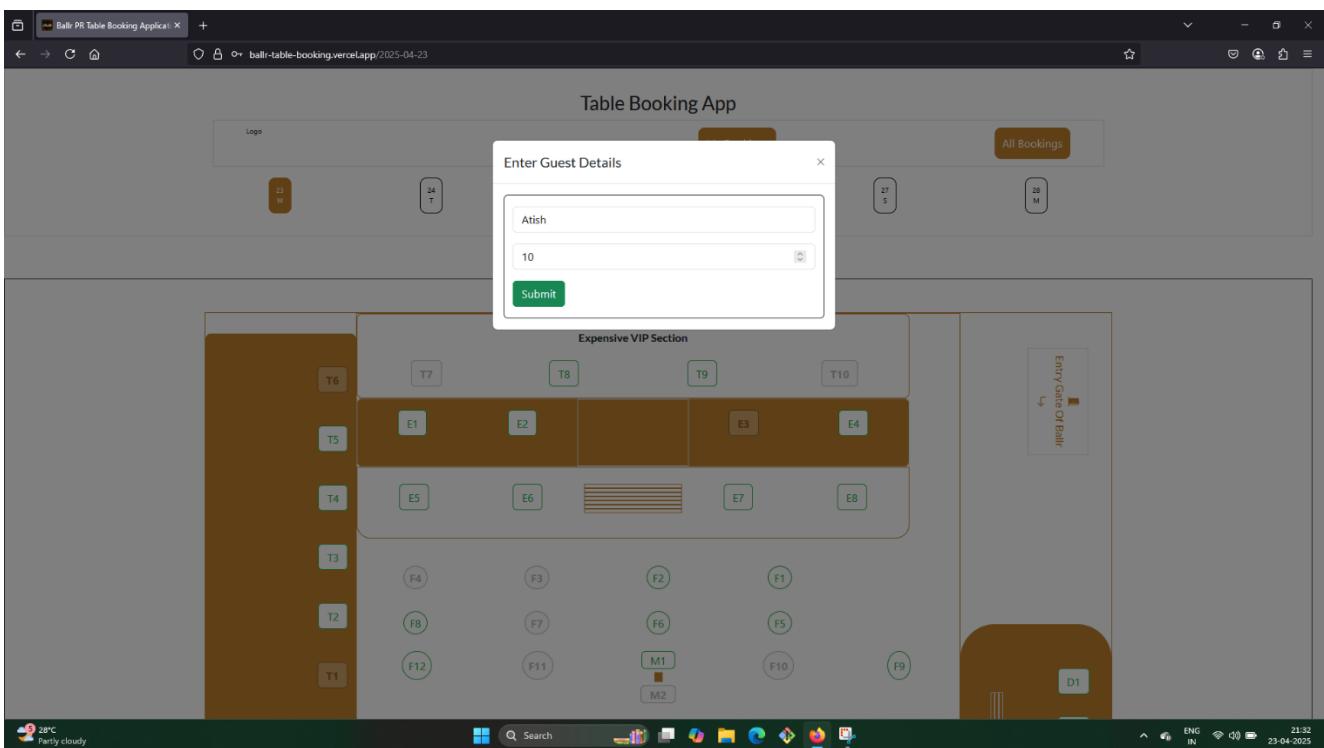

Step 8: After selecting the date, select the table number.

For Example: I want to book table 'T8' for the date 23th, so I will first select the date then clicking on table number

Step 9: After clicking on the table button, need to fill the following form:

Step 10: After filling the form, please Submit the Form.

Step 11: After filling the Form, you can see the small popup which shows form submitted.

Welcome, PR Shubham!

Step 12: You can see the table that you booked is now disabled. It means table is booked. (that table will be disabled for all the users)

Step 13: You can see the table booking that booked by you by visiting “My Bookings” button. Or by scrolling down the page you can see the all the bookings.

You can delete your bookings through visiting the bookings by scrolling down. You can see the bookings for selected date only. If you want to see another day's booking then change the date.
